The issue was raised when,

The Wheelhouse restaurant at Oak Ridges was saved from complete destruction by fire last Thursday by three brothers who formed a bucket brigade.

The three Rutledge brothers, Marsh, 69, Charles, 72 and Watson, 75, carried water from a well and prevented the fire, which started in the restaurant's kitchen, from spreading to the service station. The Rutledges live next door to the Wheelhouse.

Owner of the restaurant, Donald White, said he started the space heater in the kitchen und went outside to feed his horses. On his reurn, flames were climbing up the kitchen walls.

Mr. White's mother was asleep in her bedroom and was aroused by the smell of smoke. Aurora firemen estimated damage at

1951 Councillors And Four Others In Election Race

Ten candidates are seeking the six council seats and four are seeking the three school board seats in Newmarket following the nomination meeting on Friday night. Election day is Monday, Dec. 3.

Mayor Joseph Vale, Reeve Arthur D. Evans and Deputy Reeve J. L. Spillette were acclaimed. Bill Young was acclaimed as hydro commissioner.

Seeking re-election are the six councillors of last year, Frank Bowser, Tom Birrell, Rudy Renzius, Jos. Dales, Charles VanZant and Lorne Paynter. The four new candidates are Aubrey Scythes, who sat in council one year a few years ago, Edward Wrightman, Charles Boyd and Mrs. Violet Robinson MacNaugh-

Mrs. MacNaughton ran for Era and Express photo Bowser. Both received a better showing as a result of the recount, but Mr. Bowser's lead was upheld and even though Mrs. MacNaughton's recounted total was better than the lowest successful council candidate's, she was unable to take her seat because of a quirk in the law.

Last year's election was also memorable in that it resulted in the closest vote in Newmarket's history with five candidates closely bunched. Seeking the three school board

HANDICRAFT GROUP PLANS FOR '52

Mrs. A. I. Maughan, Aurora, was hostess to the Newmarket Handeraft group on Tuesday, Nov. 20, when the ladies met to discuss the recent Community Bazaar. Mrs. E. A. Mitchell pre-

The group felt that it was the most successful bazaar held to date. Mrs. George McNelly convened the affair, She reported that all the many organizations and individuals who participated in it were very co-operative. They were pleased to have had the opportunity to present their crafts and bazaar items to such a large purchasing

The Handcraft group wished to thank the participants and the patrons of the bazaar for contributing to its success. Plans are being formed for next season's fourth annual Community Baznar.

To Cliff Gunn

As the early season scoring statistics start to roll in from the Town leaguers and the country divisions, etc., we ran across a note that indicates Cliff Gunn was on target last week in the Newmarket and District actions. Cliff came up with a five-goal scoring spree.

His efforts in the main were responsible for meting out an 11 - 1 shellncking to Harry Lavender's Vandorfers as the the Town Regents recorded the one and only top heavy score in the town circuit to date. For this effort, five goals in one game and that's travelling and shooting at a record clip we're naming Cliff Gunn for the Hashman award this week and the Eoxy Theatre pass.

Dr. Rose Mayoral Candidate Case Of Commr. G. Baldwin New Candidates For Council

There have been rumors floating around for a week or two that Dr. Crawford Rose might seek a return to the mayoral chair, which he held for two years, after being a member of council for four years and heading the polls for the last two of them. Today, Monday, November 26, it must already be widely known in town that his candidature is confirmed, and for additional information we refer our readers to Dr. Rose's personal proclamation in our advertising columns.

Hydro commissioners are

THURSDAY, THE TWENTY-NINTH DAY OF NOVEMBER, NINETEEN HUNDRED AND FIFTY-ONE

EDITORIALS

NOMINATIONS, FRIDAY, NOVEMBER 30

Tomorrow night, Friday, November 30, nominations will be made in the Mechanics' hall for council, the hydro and the public school. It is important that the voters should attend in the largest possible numbers, and by their presence show how pronounced is the interest that is now being taken in local municipal mat-

The recent by-law introduced by Councillor Davies, and passed by council, limits the time between nominations and elections to 10 days only. The elections will take place on Monday, December 10. Thus very little time is allowed the electors to learn anything about new candidates offering their services to the municipality.

The electors will, however, have opportunities of asking candidates questions on nomination night, and it is hoped that such opportunities will not be missed. The time allowed for putting questions to candidates will be all the longer if some limit is set on the time taken up by retiring representatives. It is hoped that limitation of "inquest-holding" by retiring representatives will be imposed by the electors present.

QUESTIONS WORTH ASKING

It is hoped that taxpayers will ask a few questions of their retiring mayor and members of council, the answers to which could be very illuminating and instructive. Why did Mayor Bell, Reeve Cook, and Councillors Gundy and Pringle support the hydro commissioners by condoning their "sit-down strike" threat if the hydro building were altered to conform with the town building by-laws? Why did Councillor Fielding change her mind, voting to enforce the hydro to observe the building regulations and then voting to allow the building to stand as it was?

Who succeeded William Large, after his dismissal in January, 1950, as secretary-treasurer of the hydro, and what are the salaries paid to the holder of these offices? Who fired William Large on the morning of Tuesday, January 16, 1951?

Who has received the bulk of the sum of \$5,000 voted by council to the Aurora planning board; and what has the planning board done for Aurora?

Why has the council not taken a vote of the citizens on whether or not they want a planning board for Aurora?

NO STATEMENT ON METERS

It seems surprising that no overall statement has so far been made in connection with the meters. Some weeks ago there was a statement made, accompanied by a photograph of the town clerk and his assistant busy at the job of counting up a heap of pennies collected from the meters. But the statement involved the sum of around \$70 only, and as far as we know nothing more has been heard of the subject.

An enormous amount of pressure was exerted to get the "scraps of iron" set up on the sidewalks; enthusiasm was high on the part of a section of the council, especially on the part of Mayor Bell and Councillor Fielding; and we had expected regular announcements from the town hall for the information of the citizens.

No overall statement has thus far been made. It would be interesting to know just how much money has been collected from the meters since their installation. How much money has been received by the town, and how much has gone to the meter company? These are matters of public interest.

RATION THE SPEECHES

At last year's nomination meeting some retiring members of council talked at such length that the large audience became tired and bored, and many left before the proceedings were over. A few possible candidates also left the meeting, having found the flow of verbosity insufferable.

It is hoped that a similar verbal punishment will not be inflicted on the citizens at the coming nomination meeting. This could be prevented by rationing the length of the speeches of retiring representatives. This procedure could be carried out if it were moved and seconded and carried by those present, limiting addresses to a normal length not exceeding 15 minutes.

This year's audience will not, we imagine, be so interested in what has been done - which is fairly well known - but what is to be done in the future. Let us hear about future programs. Long-winded inquests can serve no useful purpose. Taxpayers will, we believe, be very interested in hearing proposals for rectifying the errors of the past.

COUNCIL REVIEW

Rest Cure Recommended For Cook, Murray And Pringle: Davies Is Council Problem

Last week we reviewed five members of council: Mayor Bell and Councillors Corbett, Fielding, Gundy and Jones. We gave some of our reasons why we shall not support either Mayor Bell or Councillor Fielding, together with some of our reasons why we shall support the others mentioned. Since we wrote we have heard that Councillor Gundy may not seek re-election If that is true we shall be sorry, for Bob Gundy is a young man of very considerable ability, and he is a credit to the town council.

that of any member of the Au-

year. We suggest that Mr. Mur-

The trouble is, the Aurora Banner publishing Gray Coach Lines. ness of Reeve Cook's committee, you never know where you have company of \$228.80, including Deputy - Reeve Murray and committee recommendation and allowing the hydro getting its two hundred odd bucks. Reeve Cook's strongest critic to Councillor Corbett.

The trouble with Reeve Cook, it seems to us, is his fear of coming out flat-footed with a decisive yea and nay. He is the vetcouncil and should give leadership. But he gives no leadership. Instead he looks for leadership. Recently he was in a stew over the meters. He wondered what the town would like? And when a number of correspondents sent their views to council the Reeve rounded on them for trying to influence known citizens, who will be

an operation.

OBITUARY

A member of the Free Methodist church, Mrs. Rena Hamilton, Newmarket, died on November 2 at York County hospital. She had been in poor health for several years.

She was born in London, Ont., in June, 1867, the daughter of the late Mr. and Mrs. Robert Benn, and in 1809 married James MacDonald, who predeceased her many years ago. In 1918 she married Wesley Hamilton, who survives her.

Also surviving are a son, Alfred S. MacDonald; a daughter, Mrs. Nora E. Bull; a sister, Mrs. Anna Irwin; and seven grandchildren and six great-grand-

Rev. N. F. Perry conducted funeral services on Nov. 5 at the chapel of Roadhouse and Rose. Palibearers were H. G. Gibbons, Walter Creed, R. Tomlinson, Frank Climpson, Henry Sedore, Chesley Lee.

Interment was in Newmarket emetery.

OBITUARY James Widdis

Formerly employed by the Oflice Specialty Manufacturing Co. Ltd., James Widdis, of 646 Annette St., Toronto, died suddenly on Sunday, Nov. 4, 1951.

He was the son of the late Mr. and Mrs. James Widdis, and was born in Newmarket on December 19, 1880.

He was employed by the Canadian Comstock Co., Islington, at the time of his death, and was a member of the Anglican church. His chief recreational interest was hockey.

Surviving are two sisters, Mrs. Sadie Kirk, Newmarket, and Mrs. Marrs, Galien, Mich.; and several nieces and nephews. A brother, Joseph, and three other sisters, May (Mrs. Turner), Grace (Mrs. Hissong) and Annie, are all deceased.

Rev. Mr. Rhodes conducted funeral services at the chapel of Roadhouse and Rose on November 7. Pallbearers were Naturally the Lions club would Wilfred Codlin, T. F. Doyle, expect to have the right to gov- Norman Trivett, Albert Howlett, ern the hall in accordance with Toddy Duncan and Maurice Win-

There's a service career for women...

Limited numbers of women are being accepted now in the regular service of the expanding Royal Canadian Air Force. In the R.C.A.F., there are many jobs especially suited to the ability of women — jobs from which women can release men for other duties, or give valuable assistance. Women may be accepted for enrolment in any of the following trades:

PIGHTER CONTROL OPERATORS . COMMUNICATIONS OPERATORS MEDICAL ASSISTANTS CLERK-ACCOUNTANTS TECHNICIANS . ARMAMENT TECHNICIANS . METEOROLOGICAL SUPPLY TECHNICIANS . DENTAL ASSISTANTS . OBSERVERS . SAFETY EQUIPMENT TECHNICIANS

The women who are accepted into the R.C.A.F., receive the same pay, rank and trade groupings as for airmen. To qualify, you must be single . . . be between 18 and 29 . . . and have Grade 10 education or the equivalent. Veterans up to 40 years of age are eligible.

See the Career Counseller at your Hearest R.C.A.F. Recruiting Unit -R.C.A.F. RECRUITING UNIT 1207 BAY ST., TORONTO, ONT. PHONE: RA. 1318 SIRVE IN DEFENCE OF FREEDOM WITH THE

THE ELECTORS OF AURORA

Because I believe in the inherent greatness of the Town of Aurora and in the brightness of its future, and

Because I believe that every public-spirited citizen should make some worthwhile contribution, outside of his business, to the life of his

Because I believe that the Aurora Town Council has been as a flock without a shepherd, or an orchestra without a leader,

I have decided to contest the office of Mayor which I vacated two years ago at the forthcoming pivic elections.

To all my friends who have urged me to return to this high office, and to all electors who are dissatisfied with the present lack of leadership, I appeal for active support. I cannot contact you personally— reelection is in your hands.

It's NO ACCIDENT that more Canadian truck men buy Chevrolet trucks than any other kind! Beenomy-wise truckers know that there's no better buy than a Chevrolet truck for thrifty, dependable service. They know too that Chevrolet truck performance is in a class by itself, and that every one of the big model range provides outstanding features for extra safety and extra driver comfort. And, of course Chevrolet trucks offer a choice of four great valve-in-head engines - the 92 h.p. Thriftmaster, the 105 h.p. Loadmaster, the big 114 h.p. Torquemaster, and the mighty new 120 h.p. engine. So, see your Chevrolet truck dealer-soonand find the completely satisfying answer to all your hauling needs !

CEER & BYERS PHONE 1400 NEWMARKET BOTSFORD ST. CHEVROLET AND OLDSMOBILE DEALER

Pages from the Editor's Notebook

We have been following with but it petered out. a good deal of interest the career of a Newmarket woman who seems to have more than her share of luck. Or is it persistence? On second thought, the latter. She enters every sort of contest imaginable. She must mail thousands of letters each year, fill out countless entry blanks, buy an infinite number of tickets.

Over a year, her winnings may seem quite imposing to those not in the know, but in point of fact, she enters so many contests she just can't help winning a few of them. It's the law of averages.

But even so, one does wonder a bit when she enters a contest without knowing it and walke off with a grand prize.

We were attracted by the glow in the sky to north on Sunday evening and drove up Yonge St. to the Round Hill. From there we could see a worm of fire extending along the horizon.

We cut across the Sharon sideroad and up Second St. where we could see the fire more clearly. Apparently, it had caught on the east side of the marsh and driven by the wind, was burning clear over to the

We went on up the third to the township line and from a hill to the west, overlooking the marsh, we could see the whole panorama of the fire. It was quite imposing, the distance and height lending the flames a suggestion of a roaring inferno which they no doubt lacked a closer view.

The reflection in the sky was visible far south of Newmarket, we are told.

Last Friday was nomination day for several district municipalities. We attended as many as we could. At East Gwillimbury, we heard Longford Pegg beginning to warm up but the expected fireworks didn't materialize. Newmarket's nominations were quiet too although the crowd was the largest in recent years. There was a bit of an argument towards the end

Mrs. Mathews was speaking and when interrupted, appealed to Chairman Fred Lundy. His only comment was that "it was a political meeting." Mrs. Mathews took him at his word and went right along without heeding the interruptions.

Back to East Gwillimbury: Reeve Norman Doyle of North Gwillimbury was an unexpected visitor to the sister township meeting and was prevailed upon to say a few words. Looking out over the audience, he remarked on the absence of women. "Up in North Gwillimbury, half our audience is made up of women." he said.

"They're not closing roads down here," someone shouted from the audience to accompanying laughter.

Interesting too are the positions of Reeve John Rye of East Gwillimbury and Deputy-Reeve J. L. Spillette of Newmarket. Rye is a strong contender for the job of one of the warden's commissioners in county next year, and Spillette is a strong contender as warden. Both men were acclaimed in their respective munici-

It would make a strong northern representation on county council if it worked out. More power to them both.

There was an excellent turnout to Newmarket nominations, excellent, that is, in comparison to other years. Clerk Wesley Brooks counted 170 present at 9 o'clock, and a few more came in later on. At that, however, it is not very much from a population of over 5,000. One councillor remarked that it was about time the people of town realized they had a share in the government of their community, that it wasn't just a job for the councillors. True enough too. Local government is the cornerstone of our democratic system. Ignore its obligations and we'll lose it to a centralized machine grinding away at Qeen's Park, sure as shooting.

From the Files of 25 and 50 Years Ago

NOVEMBER 26, 1926

The official nomination for the riding of North York took place in the town hall, Newmarket, on Saturday afternoon. Only two nominations were made: Wm. Keith of Newmarket, and A. E. Pugsley, Sut-

Military smartness marked the arrival of Lord and Lady Willingdon, new Governor-General and his consort. The official opening of the new buildings and the presentations of prizes took place in the gymnasium at St. Andrew's col-

The new furnace in the town hall is a great improvement. December is renewal time for

papers and magazines. Belhaven: A bright day, with the sunshine occasionally, is cheerfully received by those who have a few odd jobs before the colder weather sets in. We notice some of our friends, the housewives, are taking advantage of the milder weather this week by getting their windows cleaned; also the storm windows are coming in view.

Baldwin Corners: Home again! Yes, our hunters have returned, wearing a broad smile. They report a good time. Each brought a deer so venison is on the bill of fare every day. They say it was disagreeable hunting on account of the snow and rain but the deer were plentiful.

Keswick: What might have proved to be a very serious accident happened last Saturday, when an automobile ran into Harley Morton, but his presence of mind, no doubt, saved his life, as he grabbed onto the axle and was dragged along underneath the car. He was badly bruised, but the doctors think he will be alright in a couple of weeks.

NOVEMBER 29, 1901

The pupils of the Methodist Sunday school will commence next week on the new cantata, "Santa Claus' Worshop," to be given in the town hall on Friday evening, Dec. 20, followed by an old-fashioned Christmas tree up-to-date.

Shovelling snow before breakfast is good healthy exercise, if there is not much fun about it.

The merry sound of the sleigh bells was heard on Monday for first time this season. Enough snow fell on Sunday night to make excellent sleigh-

King City: The cream separators, for which Messrs. McDonald and Son are selling agents, seem to be meeting with deserved approval, judging by the number delivered.

Baldwin Breezes: On the 13th, 14th and 15th inst., astronomers were on the qui vive for a wonderful meteoric shower. The heavens were overcast by dense clouds most of the time. I was star-gazing but saw nary a meteor.

Toronto: Two little girls about 12 years of age entered the Metropolitan church while the choir were at rehearsal, to listen to the music, taking seats in the gallery. They waited till the choir dispersed, but the sexton turned off the lights and locked the door. Their cries were unheard and they remained in the church all night. Next morning their calls from an open window brought assistance and they were liber-

THURSDAY, THE TWENTY-NINTH DAY OF NOVEMBER, NINETEEN HUNDRED AND FIFTY-ONE

ELECTING NEW COUNCIL

Ten candidates are seeking the six seats on the council. Of those ten, six of them are seeking re-election. Of the remaining four, one says that his engineering experience will benefit the town; another says his experience with road work will save tax dollars; the third offers a solution to the smoke nuisance; and the fourth offers zeal to serve the taxpayers.

All of the six seeking re-election are standing on their records as councillors during the past year. At nomination night proceedings, they defended or explained what they had undertaken, and discussed what they hoped to accomplish.

The fact that there are so many candidates for council is a healthy manifestation of civic interest and the workings of democracy. The candidates are all to be commended for their willingness to undertake the onerous processes of local administration. Let no citizen delude himself that these candidates are seeking a "soft touch". Council business in a town the size of Newmarket is a daily demand on time and effort.

Perhaps it is this heavy requirement of day to day detail that provides the grounds for the one general criticism we would make of last year's council, the criticism that there was no leadership by council, no apparent vision. It is a criticism that must apply as well to the new candidates. None of them offered the voters of Newmarket any suggestion of a concern with matters beyond the immediate scope of municipal administration.

In a word, neither those seeking re-election nor fresh contenders showed gifts of imagination and leadership.

It is easier to consider the record of the six candidates seeking re-election. Council last year undertook several large projects and brought them to acceptable conclusions. They made decisions which were largely to the benefit of the town. The council, on its record. was adequate, but only that. No more.

Nowhere, in the proceedings of council, is there any indication of leadership. Council did its job but that is all. The new candidates offer no more than the conviction that they can do the same job, only a little better. It is a circumstance to be regretted because Newmarket could use a little vision, a little leadership, a little concern with the less immediate future.

In past council contests, the issues which have been placed before the voters were frequently those of policy as much as those of immediate consideration like new roads and sidewalks. There was the contest when Mr. Jack Luck ran on the strength of his "second Main St." proposal. And, from time to time, there have been similar issues which involved matters removed from routine administration.

It is unfortunate that of all the ten candidates for council, none made his platform one of imaginative leadership. Heaven knows, there is need for it. What, for example, is going to become of Newmarket's business section. It is cramped into a comparatively small area. Has someone any ideas how this situation can be eased?

There was a good deal of talk about traffic control, but did anyone arise with a proposal for a large-scale safety campaign? It is not enough to nab the offenders; there is plenty of scope for safety education.

Newmarket was put on the map a few years ago with its assessment row. It gave the town considerable publicity. Since then, however, no one has undertaken a campaign to publicize Newmarket under happier circumstance, but such publicity would be of immense value. Even on a matter so comparatively simple as the erection of publicity signs on Yonge St., council has stalled since June.

Or consider the swimming pool proposal, or the development of a sports ground on the east side of town, or any one of a number of projects not directly related to the immediate administration of Newmarket but part of the process of good government. None of them have been given more than a passing thought by the council.

We admit that the cause may be that council is bogged down in the defail of its heavy spending and mechanical requirements. But we insist that if Newmarket is to have any sort of future, vision and imagination are needed now. They weren't evident in council last year. They weren't evident on the nomination platform on Friday night. And that was cause for regret.

But for all of that, Newmarket voters have before

them a choice of six from ten candidates. Any combination of six from the ten will give a good council. We hope that the combination ultimately chosen will be more than merely good or adequate, but will also provide the vision and the leadership the town so greatly needs.

LOCAL AUTONOMY

Reeve Jack Rye of East Gwillimbury spoke a pertinent truth when he thanked those who troubled to attend the nomination meeting. "If it weren't for you who have attended these meetings, municipal councils would soon be abolished."

The local administration is the cornerstone of a system of representative government. It is the government closest to the people. It is the government which gives the best return for the tax dollar. At one time, council had much broader powers than it now possesses. In recent years, because of the development of the grant system whereby the province pays grants to municipalities, these local administrations have lost much of their authority.

They will continue to lose that authority unless the citizens show the interest in them they deserve. Unless there is a resurgence of public support, the local councils will become complete rubber stamps to the policies and authority of the province. As it is now, the province has as much, or more, to say in the administration of a municipality than the municipal government. Much of what is objectionable in municipal administration stems from provincial interference.

Only by encouraging strong local administration can this trend be halted. And halted it must be if we are to maintain the decentralized government by representation which we now have.

SWIMMING POOL

Members of Newmarket Lions club, and their guests, members of the Aurora club, heard on Monday night the story of how Milverton got its swimming pool. The story came to light during the course of the club's investigation into the possibilities of a pool for Newmarket. It is an incredible story of difficulties, but it is a story with a happy ending since, thanks to the persistence of one man, the pool was opened this

The man responsible, Mr. Robert Crocker, told the story of the pool in detail. He had plenty of suggestions, made from his own hard experience, but what stood out was the way costs were cut by the use of voluntary labor. Equally emphasized was the need for 100 percent support of such a project.

Newmarket has had plenty of experience with voluntary labor, at the arena and more recently, in the installation of the floodlights. These projects were successful although the same small group appeared to be doing all the work. In Milverton, with a population less than a quarter of Newmarket's, there were as many as 70 volunteers at work at one time. Newmarket should have a volunteer labor pool of over 500 to draw on.

But the amount of volunteer labor depends upon the strength of public support for the project, so that it would seem to us that of foremost importance in undertaking a swimming pool is the assurance of solid public support. We think that support is there but it will need a little encouragement. If all those who favor the pool were to undertake the missionary work now, when the time comes to start work, that support will be ready.

Office Cat Reports Catnips By Ginger

Things are looking up in Cuttin Corners these days and other things are being looked up since the nominations. Mayor Maynott, who has said each year since 1936 that he would not run the next year, was acclaimed again.

"Certainly appreciate this here acclamation," the mayor said in his acclamation address. "It's a real honor to be acclaimed, I claim. 'Course, this here is positively my last year on council. Gotta quit. Pressure of business, y'know." Mayor Maynott is a steam fitter by pressure, I mean profession. Reeve Ward. N. Orbust was

also acclaimed, as well as Deputy-Reeve Mooney Sippal. Things which are being looked up in Cuttin Corners this year are old documents which might prove that the town hall

is not situated in the centre of

Main St., plumb. As everyone knows, Mrs. Helen Agale, storm centre of many a Cuttin Corners municipal election, has unearthed a civic scandal, namely that Main St. is where Thimble Park should be and that Thimble Park is not where it is at all. It should be where the old distillery was moved from. A former assessor was a digitalis addict and got all the lots mixed up on the town

plan, she claims.

It follows that the town hall is right in the middle of Main St. "It can all be settled out in the old distillery," said Mrs. Helen Agale at a recent council meeting. "If you date our Cuttin Corners history back to the distillery, you will find that there were evil doings then and big interests have kept it hushed up all these years.

"Yes, it's the big interests but I am not afraid of the big interests. I'm not interested getting anything out of the big interests, it's the taxpayers I'm interested in."

"Yas, and I kin imagine you will get all you can out of them," Councillor Bust said

There was a shrill blast as you like or Bust.

of the Robert E. Lee as Mrs. Helen Agale stormed to her feet. "I heard that comment, I heard it. Mr. Mayor, there is something rotten in Denmark when I must suffer these stings and arrows. I demand an exclamation from this member or resign."

"You may resign," said the "I mean he may resign," said

Mrs. Agale.

"I jist said that I kin imagine you will get all you can for them," explained Councillor "Fer who, I mean for

whom?" said Helen Agale. "The taxpayers." "Very well, then."

It is stimulating repartee like this which makes Cuttin Corners politics so interesting. One razor sharp municipal wit is pitted full strength against the other. There are wheels within wheels, heels within wheels and sometimes cogs. Mrs. Helen Agele is often referred

to as a wrench.

But Mrs. Helen Agale is what keeps Cuttin Corners council on its toes. It takes a woman to keep some municipal stability in the place. No matter what they say about her, Helen is good for politics up in the Corners.

The only lady who is running for council, Mrs. Agele, is making this here her platform, rather, this her platform. Her platfrom is based on the outright outrage of the town hall being in the middle of Main St. "If elected, I will tear up

Main St. and move it to Thimble Park and Thimble Park will be transplanted to the old lot where the distillery was, and I am one who will always carry out an election promise. After all, it's the lot of the taxpayer that I am interested in and anything I can do the taxpayer, I will." But the electors of Cuttin

Corners are not to be fooled. As Councillor Bust says in his campaign speeches, vote as

by "Dairy Farmer" The Top Six Inches

wouldn't be better to forget about the whole milk business and devote our energies to more interesting ways of making a living in agriculture like keeping a good flock of sheep or growing seed grain.

Early last spring, the Toronto market producers started negotiating. There was a new Milk Board appointed. Since then all parties concerned jumped through all the official loops, went through more contortions than a professional wrestler and here we are at the end of the year, and no better off.

The mess in milk is getting deeper and the political currents that have kicked us around are as strong as ever.

Now that the elections are over and the same government has been given a pat on the back for having created the Milk Control mess, the Board met again. At this sitting, the producers and the distributors submitted a new agreement. It called for an increase in price to the producer and a price to the distributor. It was shelved for further consideration.

We will give you three guesses why. Yes, you are right! It was the do or die stand of the Mayor that did it. Having recovered from radio appearances, the Grey cup game, the hot stove league, Hiram the Great took his place on the board and with his eyes firmly fixed on the election date of December 4, emitted bleats and grunts of outrage befitting a man in need of votes.

We would be very surprised if the Milk Control Board could hold another sitting until after this election to discuss the price of milk for the Toronto market. But the same

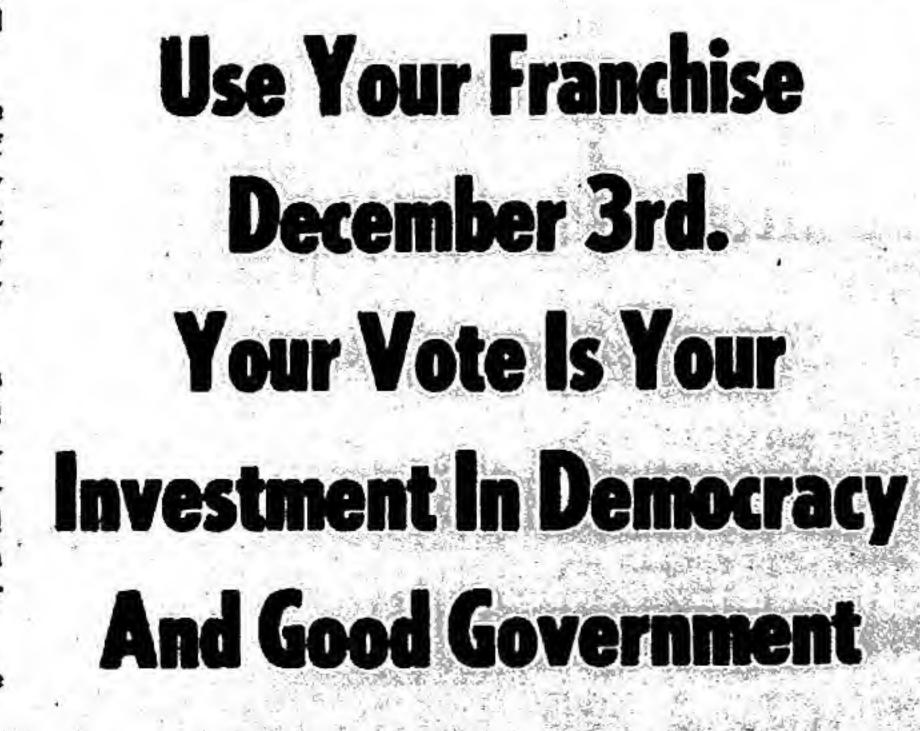

We are wondering whether it Board sat and approved raises to producers and distributors for Hamilton, Ottawa, Sudbury, Ningara Falls, and a number of smaller communi-

Now please, get this straight. The board has the mayor sitting on it as the representative of the consumers. He represents the consumers in Hamilton, Ottawa, Keewatin, Fergus, Fort William and everywhere else. But the board, of which he is the member, didn't see anything wrong with the raises there. But when it comes to Toronto, the decision is postponed.

Isn't the answer obvious? In Keewatin, Hiram the Great is not running for re-election. Neither is he running in Hamilton, Ottawa, Fergus, Niagara Falls, Hearst or Nipigon, But when the same price is asked for milk shipped to Toronto, up stands this Knight of St.

George and the show is on. We don't think there is any need to say more. The price approved for Hamilton is \$4.75. For Ottawa, it is the same. The Toronto shippers were asking for \$4.70. Maybe if we had a rotating member to represent the consumers like, for example, the Mayor of Copper Cliff or the Mayor of Fort Frances, we could get our just demands.

We think that it is time that this sorry farce of buck passing and political deals and electioneering were stopped. We think that it is time for some housecleaning on the board. Our own producers' organization is not without fault and is guilty of many things. But they are innocent and powerless in the face of this open and brazen-lust for power and position.

CHARLES E. BOYD

CANDIDATE FOR COUNCIL

Newmarket, Ontario. November 29th, 1961.

THE VOTERS OF NEWMARKET, NEWMARKET, ONTARIO.

DEAR FELLOW VOTER

I am writing to you at this time to tell you that my name will stand as a candidate for the 1952 Newmarket Council.

Many of you know me. I was born and raised in Newmarket, educated in Newmarket Public and High Schools and received my B.A. from the University of Toronto. I am a tax payer in Newmarket. My Business of Real Estate and Insurance has given me an insight into the problems and wishes of the Voters of Newmarket and I feel that I could make a definite contribution to the management of this town.

I am fully aware of the added responsibilities and work involved if elected to council. I am, however, prepared to give such time as may be required to carry on my duties fully and faithfully.

I am not going to criticize the work of past Councils, although in many cases I may not have agreed with their decisions. Sufficient to say that if you elect me as your representative for the 1952 Newmarket Council, I will strive to serve you, the people of Newmarket, in an honorable, just and efficient manner. Remember it is your vote that elects a candidate to Council.

I respectfully solicit your vote for Council on December 3.

Yours very truly,

CHARLES E. BOYD

P.S. If you require transportation to or from the polls please telephone 139.

To take a load off horses shoulders - and their owners minds - a harnessmaker in Ontario has developed horsecollars with lightweight aluminum hames.

This company is just one of over 1000 in Canada who, by manufacturing aluminum artides, make life easier for every-

one who has to carry or clean. Since this is going on all over the world, it means more and more people wanting aluminum. We in Canada are fortunate in having the waterpower to generate electricity to make aluminum for ourselves and the rest of the free world. Aluminum Company of Cast de, Ltd. (Alcan).

Architect Michael Dixon of Ottawa, who has designed several NHA houses, fashioned this modern, roomy bungalow for the living comfort of the average family-parents and two children.

The master bedroom and the children's bedrooms are confined to one side of the house for privacy with the bathroom conveniently located to serve all three. As suggested in the floor plan, one of the smaller bedrooms may be used to advantage as a playroom until it is required for sleeping There are two clothes closets in the master bedroom, one in each of the children's bedrooms, and a linen closet beside the door to the bathroom.

The living-dining room, extending along the entire right side of the house, is well lighted by the large windows at both the front and rear of the room. The dining section adjoins the compact kitchen for ease in serving meals. The Ottawa owner of the house illustrated changed the location of the chimney

from the position shown in the original house plan to include a fireplace on the right wall of the living-dining room. For estimating purposes, the area of the bungalow is 870 square

feet and the cubic contents measure 16,720 cubic feet. Working drawings for this plan, known as Design No. 50-19, are available from any office of Central Mortgage and Housing Corporation at minimum cost.

Hospital Auxiliary

in hospital auxiliary work is that of improving their local hospital in order to give the best possible service and comfort to the citizens who enter them as patients," said Mrs. R J. Rogers in her report on the Ontario Hospital association convention. Mrs. Rogers, presiof the Toronto Kiwanis Club in dent of the York County Hospithe Royal York for farm boys and tal auxiliary, presented her regirls club members in York port at the November meeting of County under Kiwanis sponsor- the group. She attended the ship brought out over 125 young convention as this auxiliary's

A Special Message from your B of M

manager...

IF I were asked to sum up the whole Canadian way of living in two words, I'd say: "Steady Progress". The people of this country seem to combine stability with a go-ahead spirit. This approach shows up in most things we do. Take Canada's first bank - my bank. We have just finished our 134th year, with assets of over two billion dollars. Our Annual Statement is typically Canadian in that it tells of

substantial progress in terms of brass tacks rather than brass bands. Just three highlights will show you exactly what I means

DEPOSITS: Our 1,800,000 customers have \$2,085,187,091 on deposit at 572 Bol M branches across Canada. Some of this money belongs to business firms and institutions, but more than half of it is the savings of everyday people.

LOANS: Now at the highest year-end figure in the Bank's history, our loans amount to \$646,368,336. Parmers, fishermen, ranchers and tumbermen borrowed a great deal from us, but we lent money to people in every walk of life and to husiness of every kind. At that, we had to cut down on many loans we would ordinarily

have liked to make, in order to co-operate with the Government ______in measures which are designed to combat inflation and help gear up Canada's economy for the defence program.

INVESTMENTS: At the year's end, the Bof M had \$976,950,829 of its depositors money invested in high-grade government bonds and other public securities. These were listed in the Bank's books at a figure out greater than their market value. Our other securities represented mainly short-term credits to industry. The combined total amounted to \$1,108,174,362.

Like Canada, her first bank has gone on from strength to strength in the past year. We believe in being strong because our main jub is to protect people's savings. And we believe in encouraging people to save more, too.

In this, as in any other way we can, we are working with Canadians in every walk of life for the steady progress that will give us all a stronger, happier country.
